Dear Ms. Stanton,

Good morning from CityCenter! I hope this finds you doing well and enjoying the beautiful fall.

Walmart would welcome the chance to meet with you and your team to follow up on the public comments we submitted in connection with Phase II. In particular, we look forward to talking with you about various RFI data points where private follow-up might be particularly useful, including cybersecurity practices, our ability to screen suppliers based on data in SAM, and our broader practices to mitigate supply chain risk.

Please let us know if you all have availability for an in-person meeting on any of the following dates (listed in order of preference):

- * Tuesday, November 27 (before 3:00 pm)
- * Wednesday, November 28 (after noon)
- * Monday, November 19 (any time after 10:30 am)

If so, we would be glad to host you here at One CityCenter (850 Tenth Street NW), or to come to your offices.

Thanks as always for your consideration, and have a nice morning in the meantime.

Dear Ms. Stanton,

Good morning from CityCenter! I hope this finds you doing well and enjoying the beautiful fall.

Walmart would welcome the chance to meet with you and your team to follow up on the public comments we submitted in connection with Phase II. In particular, we look forward to talking with you about various RFI data points where private follow-up might be particularly useful, including cybersecurity practices, our ability to screen suppliers based on data in SAM, and our broader practices to mitigate supply chain risk.

Please let us know if you all have availability for an in-person meeting on any of the following dates (listed in order of preference):
